

*design for creatives,
makers and doers*

Check list for launching your website

- 1. Check for Broken links on your new site*
- 2. Put a Nofollow in your robots.txt file on old site so search engines don't index those pages*
- 3. Submit URL to Google*
- 4. Create a webmaster console for your site on Google and submit sitemap*
- 5. Do a Mobile Test to make sure your site is mobile-friendly*
- 6. Create Open Graph tags so your site is represented well on Facebook*
